$$R = (L + 2d - F + \sqrt{S}) / 2.37 = 2.4$$

2.4mR TC ADVICE 2025 v. 2

2.4mR REPLACEMENT PLAQUES

BACKGROUND

Some 2.4mR ISAF plaques have faded due to a printing issue and replacement World Sailing plaques are required for boat certification.

WORLD SAILING REPLACEMENT PLAQUES

Replacement World sailing plaques are available from World Sailing – please refer to the following link:

<https://www.sailing.org/classesandequipment/equipmentcontrol/plaques>

Replacement plaques are standardized to begin with the letter R and are sequential so the new number would be Rxxx and not have any bearing to the original number.

Once a replacement plaque is received then the Measurement Form for that boat should be updated by the Official Measurer including the old and new plaque numbers.

A new **certificate** is required for boats with a replacement plaque. We recommend that the old and new plaque numbers are included on the **certificate** to assist boat tracking.

WORLD SAILING REPLACEMENT PLAQUE PROCEEDURE

b) Replacement Plaques •

- *In the case the original plaque has been damaged or lost a replacement plaque can be requested to World Sailing for all the classes. You would be required to provide proof of the old plaque number.*
- *Please complete the Replacement Plaque Order Form from the website and send it to plaques@sailing.org with a copy to the International Class Association.*
- *The replacement plaques price for all the classes is £13.41 in 2022.*

Peter Russell
