Motivation & Vision

This document represents the application of the Kieler Yacht-Club for the 2.4mR World Championship 2024.

We are looking forward to host an unforgettable 2.4mR World Championships, based on our successful Kiel Week and championship history as well as Para European Championship in 2018.

Sailing venue, infrastructure and accommodation is the famous Kiel fjord and the Olympic sailing Center Kiel-Schilksee: hosting two Olympics, over 130 years of Kiel Week and other regattas like many Worlds and Europeans.

The event will be held as a stand alone event end of July 2024.

Date of the Event: from 29. July – 03. August 2024

Preface

KIELER YACHT-CLUB E.V.

Dear Mr. Heiko Kröger, dear 2.4mR Class Association,

the Kieler Yacht-Club, would like, with this letter and the attached documents, to apply to hold the 2.4mR World Championship 2024.

It is the goal of our application to offer the 2.4mR as much support as possible. We want to provide the participants of this international class association with an event that, as far as possible, satisfies or even exceeds all the requirements of the 2.4mR Rules.

4

Our experience of running World and European Championships demonstrates that we, working together with the class associations, were able to organize unforgettable events that met the expectations for both, the sporting arrangements and the program of related events.

Yours faithfully,

Dr. Hauke Berndt

President Kieler Yacht-Club

Kiel
